

# Contents

Introduction to the BCSC . . . . . xvii  
Introduction to Section 12 . . . . . xix  
**Objectives . . . . . 1**

## **PART I Fundamentals and Diagnostic Approaches . . . . . 3**

**1 Basic Anatomy . . . . . 5**  
Highlights . . . . . 5  
Vitreous . . . . . 5  
Neurosensory Retina . . . . . 7  
    Retinal Topography . . . . . 7  
    Retinal Layers and Neurosensory Elements . . . . . 9  
    Retinal Vasculature and Oxygen Supply . . . . . 13  
Retinal Pigment Epithelium . . . . . 15  
Bruch Membrane . . . . . 17  
Choroid . . . . . 17  
Sclera . . . . . 19

**2 Diagnostic Approach to Retinal and Choroidal Disease . . . . . 21**  
Highlights . . . . . 21  
Introduction . . . . . 21  
Ophthalmoscopy . . . . . 22  
    Examination With the Binocular Indirect Ophthalmoscope . . . . . 22  
    Indirect Ophthalmoscopy With the Slit Lamp . . . . . 22  
Imaging Technologies . . . . . 23  
    Fundus Camera Imaging . . . . . 23  
    Scanning Laser Ophthalmoscopy . . . . . 24  
    Optical Coherence Tomography . . . . . 26  
    Optical Coherence Tomography Angiography . . . . . 28  
    Fundus Autofluorescence . . . . . 29  
    Adaptive Optics Imaging . . . . . 32  
    Retinal Angiographic Techniques . . . . . 32  
    Ultrasonography . . . . . 39

**3 Retinal Physiology and Psychophysics . . . . . 43**  
Highlights . . . . . 43  
Electrophysiologic Testing . . . . . 43

Electroretinography . . . . .	44
Full-Field (Ganzfeld) Electroretinography . . . . .	45
Multifocal Electroretinography . . . . .	49
Pattern Electroretinography . . . . .	51
Clinical Considerations . . . . .	52
Electro-oculography . . . . .	53
Visual Evoked Potentials. . . . .	55
Microperimetry . . . . .	56
Psychophysical Testing . . . . .	56
Color Vision . . . . .	57
Contrast Sensitivity . . . . .	59
Dark Adaptometry . . . . .	61

**PART II Diseases of the Retina and Vitreous . . . . . 63**

**4 Age-Related Macular Degeneration and Other Causes of Choroidal Neovascularization . . . . . 65**

Highlights . . . . .	65
Age-Related Macular Degeneration . . . . .	66
Genetics and AMD . . . . .	68
Nonneovascular AMD . . . . .	69
Neovascular AMD . . . . .	77
Other Causes of Choroidal Neovascularization . . . . .	93
Ocular Histoplasmosis Syndrome . . . . .	93
Angioid Streaks . . . . .	95
Pathologic Myopia . . . . .	96
Idiopathic CNV and Miscellaneous Causes of CNV . . . . .	97

**5 Diabetic Retinopathy . . . . . 99**

Highlights . . . . .	99
Introduction . . . . .	99
Terminology and Classification . . . . .	100
Diabetes Terminology . . . . .	100
Diabetic Retinopathy Terminology . . . . .	100
Epidemiology of Diabetic Retinopathy. . . . .	101
Pathogenesis of Diabetic Retinopathy . . . . .	102
Recommended Diabetes Mellitus–Related	
Ophthalmic Examinations. . . . .	103
Systemic Medical Management of Diabetic Retinopathy . . . . .	104
Nonproliferative Diabetic Retinopathy. . . . .	108
Treatment of Nonproliferative Diabetic Retinopathy . . . . .	111
Proliferative Diabetic Retinopathy. . . . .	111
Management of Proliferative Diabetic Retinopathy	
and Its Complications . . . . .	115
Additional Vision-Threatening Complications	
of Diabetic Retinopathy . . . . .	119

Diabetic Macular Edema . . . . .	121
Classification of Diabetic Macular Edema . . . . .	122
Management of Diabetic Macular Edema. . . . .	123
Cataract Surgery in Patients With Diabetes Mellitus . . . . .	128

## **6 Retinal Vascular Diseases Associated With Cardiovascular Disease. . . . . 131**

Highlights . . . . .	131
Systemic Arterial Hypertension and Associated Ocular Diseases . . . . .	131
Hypertensive Retinopathy . . . . .	132
Hypertensive Choroidopathy . . . . .	133
Hypertensive Optic Neuropathy. . . . .	134
Retinal Venous Occlusion . . . . .	134
Overview of Retinal Venous Occlusion. . . . .	134
Branch Retinal Vein Occlusion . . . . .	145
Central Retinal Vein Occlusion . . . . .	148
Ocular Ischemic Syndrome and Retinopathy of Carotid Occlusive Disease. . . . .	152
Symptoms and Signs of OIS. . . . .	152
Etiology and Course of OIS. . . . .	153
Treatment of OIS . . . . .	154
Arterial Occlusive Disease . . . . .	154
Cotton-Wool Spots . . . . .	154
Branch Retinal Artery Occlusion . . . . .	155
Central Retinal Artery Occlusion . . . . .	158
Cilioretinal Artery Occlusion . . . . .	162
Ophthalmic Artery Occlusion. . . . .	162
Paracentral Acute Middle Maculopathy . . . . .	164
Arterial Macroaneurysms . . . . .	165

## **7 Other Retinal Vascular Diseases. . . . . 167**

Highlights . . . . .	167
Sickle Cell Disease and Retinopathy . . . . .	167
Sickle Cell Disease. . . . .	167
Stages of Sickle Cell Retinopathy . . . . .	168
Nonproliferative Sickle Cell Retinopathy . . . . .	168
Proliferative Sickle Cell Retinopathy . . . . .	168
Other Ocular Abnormalities in Sickle Cell Hemoglobinopathies . . . . .	171
Management of Sickle Cell Retinopathy and Its Complications . . . . .	174
Vasculitis . . . . .	175
Cystoid Macular Edema . . . . .	176
Etiologies of CME. . . . .	176
Treatment of CME . . . . .	178
Coats Disease . . . . .	178
Coats-like Reaction in Other Retinal Conditions . . . . .	179

Macular Telangiectasia . . . . .	180
Macular Telangiectasia Type 1 . . . . .	180
Macular Telangiectasia Type 2 . . . . .	180
Macular Telangiectasia Type 3 . . . . .	181
Phakomatoses . . . . .	181
Von Hippel–Lindau Syndrome . . . . .	181
Wyburn-Mason Syndrome . . . . .	186
Retinal Cavernous Hemangioma . . . . .	186
Radiation Retinopathy. . . . .	187
Valsalva Retinopathy . . . . .	189
Purtscher Retinopathy and Purtscher-like Retinopathy. . . . .	190
Terson Syndrome . . . . .	192

**8 Retinopathy of Prematurity . . . . . 193**

Highlights . . . . .	193
Introduction . . . . .	193
Epidemiology. . . . .	193
Classification, Terminology, and Clinical Features. . . . .	194
Pathophysiology of ROP. . . . .	199
Natural Course . . . . .	201
Screening Recommendations. . . . .	201
Screening Criteria. . . . .	201
Screening Intervals . . . . .	202
Fundus Photographic Screening of ROP . . . . .	203
Prevention and Risk Factors . . . . .	203
Treatment of Acute ROP. . . . .	204
Laser and Cryoablation Surgery . . . . .	207
Anti-VEGF Drugs. . . . .	207
Vitrectomy and Scleral Buckling Surgery . . . . .	209
Associated Conditions and Late Sequelae of ROP . . . . .	209
Medicolegal Aspects of ROP . . . . .	211

**9 Choroidal Disease. . . . . 215**

Highlights . . . . .	215
Scope of Chapter . . . . .	215
Central Serous Chorioretinopathy. . . . .	215
Demographics and Features . . . . .	215
Systemic Associations . . . . .	217
Imaging . . . . .	217
Differential Diagnosis . . . . .	218
Treatment . . . . .	221
Choroidal Perfusion Abnormalities . . . . .	222
Arteritic Disease . . . . .	222
Nonarteritic Disease. . . . .	222
Choriocapillaris Blood Flow Abnormalities . . . . .	225
Increased Venous Pressure . . . . .	226
Age-Related Choroidal Atrophy. . . . .	227

Choroidal Folds . . . . .	230
Choroidal Hemangiomas . . . . .	231
Uveal Effusion Syndrome . . . . .	231
Bilateral Diffuse Uveal Melanocytic Proliferation . . . . .	233
<b>10 Myopia and Pathologic Myopia . . . . .</b>	<b>235</b>
Highlights . . . . .	235
Definition, Prevalence, and Epidemiology . . . . .	235
Prevention of Pathologic Myopia . . . . .	235
The Retina and Choroid . . . . .	236
The Retina . . . . .	236
Bruch Membrane . . . . .	239
Choroidal Neovascularization. . . . .	239
The Choroid . . . . .	240
The Sclera . . . . .	243
The Optic Nerve . . . . .	246
<b>11 Focal and Diffuse Retinal and Choroidal Inflammation . . . . .</b>	<b>249</b>
Highlights . . . . .	249
Overview . . . . .	249
Noninfectious Retinal and Choroidal Inflammation . . . . .	250
White Dot Syndromes . . . . .	250
Chorioretinal Autoimmune Conditions . . . . .	261
Sympathetic Ophthalmia. . . . .	263
Uveitis Masquerade: Intraocular Lymphoma . . . . .	264
Infectious Retinal and Choroidal Inflammation . . . . .	267
Cytomegalovirus Retinitis . . . . .	267
Non-CMV Necrotizing Herpetic Retinitis . . . . .	268
Endogenous Bacterial Endophthalmitis . . . . .	270
Fungal Endophthalmitis . . . . .	271
Ocular Tuberculosis . . . . .	272
Syphilitic Retinochoroiditis. . . . .	274
Ocular Bartonellosis. . . . .	274
Toxoplasmic Chorioretinitis . . . . .	274
Toxocariasis . . . . .	277
Ocular Lyme Borreliosis . . . . .	278
Diffuse Unilateral Subacute Neuroretinitis . . . . .	279
West Nile Virus Chorioretinitis . . . . .	279
Zika Virus Chorioretinitis . . . . .	279
Ebola Virus Panuveitis . . . . .	281
Chikungunya Virus Retinitis . . . . .	281
<b>12 Hereditary Retinal and Choroidal Disease . . . . .</b>	<b>283</b>
Highlights . . . . .	283
Color Vision Abnormalities . . . . .	283
Congenital Color Deficiency . . . . .	283

Night Vision Abnormalities . . . . .	285
Congenital Night-Blinding Disorders With Normal Fundi . . . . .	285
Congenital Night-Blinding Disorders With Fundus Abnormality . . . . .	286
Retinal and Choroidal Dystrophies . . . . .	288
Classification and Terminology . . . . .	288
General Diagnostic Considerations . . . . .	289
General Genetic Considerations. . . . .	290
General Management Considerations . . . . .	290
Diffuse Dystrophies: Photoreceptor Dystrophies. . . . .	291
Diffuse Dystrophies: Choroidal Dystrophies . . . . .	297
Macular Dystrophies . . . . .	300
Inner Retinal Dystrophies . . . . .	310

### **13 Retinal Degenerations Associated With Systemic Disease . . . . . 315**

Highlights . . . . .	315
Introduction . . . . .	315
Retinal Degeneration With Systemic Involvement . . . . .	315
Infantile-Onset to Early Childhood-Onset Syndromes . . . . .	318
Bardet-Biedl Syndrome . . . . .	318
Hearing Loss and Pigmentary Retinopathy: Usher Syndrome . . . . .	319
Neuromuscular Disorders . . . . .	319
Diseases Affecting Other Organ Systems . . . . .	320
Paraneoplastic and Autoimmune Retinopathies . . . . .	322
Metabolic Diseases . . . . .	324
Albinism. . . . .	324
Metabolic Diseases With Central Nervous System Abnormalities . . . . .	325
Amino Acid Disorders . . . . .	329
Mitochondrial Disorders . . . . .	330

### **14 Systemic Drug-Induced Retinal Toxicity. . . . . 333**

Highlights . . . . .	333
Overview . . . . .	333
Drugs Causing Abnormalities of the Retinal Pigment Epithelium/Photoreceptor Complex . . . . .	333
Chloroquine Derivatives . . . . .	333
Phenothiazines . . . . .	337
Miscellaneous Medications . . . . .	337
Drugs Causing Occlusive Retinopathy or Microvasculopathy . . . . .	342
Drugs Causing Ganglion Cell Damage and Optic Neuropathy. . . . .	343
Drugs Causing Macular Edema . . . . .	343
Drugs Causing Crystalline Retinopathy . . . . .	344
Drugs Causing Color Vision or ERG Abnormalities . . . . .	347
Drugs Causing Other Ocular Toxicities . . . . .	347

<b>15</b>	<b>Diseases of the Vitreous and Vitreoretinal</b>	
	<b>Interface</b>	<b>349</b>
	Highlights	349
	Posterior Vitreous Detachment	349
	Epiretinal Membranes	351
	Vitreomacular Traction Diseases	354
	Idiopathic Macular Holes	355
	Developmental Abnormalities	358
	Tunica Vasculosa Lentis	358
	Prepapillary Vascular Loops	358
	Persistent Fetal Vasculature	360
	Hereditary Hyaloideoretinopathies With Optically Empty Vitreous:	
	Wagner and Stickler Syndromes	360
	Familial Exudative Vitreoretinopathy	362
	Vitreous Opacities	364
	Opacities Associated With Vitreous Degeneration	
	and Detachment	364
	Asteroid Hyalosis	364
	Vitreous Hemorrhage	365
	Pigment Granules	365
	Cholesterolosis	366
	Amyloidosis	366
<b>16</b>	<b>Retinal Detachment and Predisposing Lesions</b>	<b>369</b>
	Highlights	369
	Examination and Management of Posterior Vitreous Detachment	369
	Lesions That Predispose Eyes to Retinal Detachment	371
	Lattice Degeneration	371
	Vitreoretinal Tufts	371
	Meridional Folds, Enclosed Ora Bays, and Peripheral Retinal	
	Excavations	374
	Lesions That Do Not Predispose Eyes to Retinal Detachment	374
	Paving-Stone Degeneration	374
	Retinal Pigment Epithelial Hyperplasia	375
	Retinal Pigment Epithelial Hypertrophy	375
	Peripheral Cystoid Degeneration	375
	Retinal Breaks	376
	Traumatic Breaks	376
	Trauma in Young Eyes	377
	Prophylactic Treatment of Retinal Breaks	379
	Symptomatic Retinal Breaks	380
	Asymptomatic Retinal Breaks	380
	Lattice Degeneration	380
	Aphakia and Pseudophakia	381
	Fellow Eye in Patients With Retinal Detachment	381
	Subclinical Retinal Detachment	381

Retinal Detachment . . . . . 381  
     Rhegmatogenous Retinal Detachment . . . . . 382  
     Traction Retinal Detachment . . . . . 387  
     Exudative Retinal Detachment . . . . . 388  
 Differential Diagnosis of Retinal Detachment. . . . . 389  
     Retinoschisis . . . . . 389  
     Differentiation of Retinoschisis From Rhegmatogenous  
         Retinal Detachment. . . . . 391  
 Macular Lesions Associated With Retinal Detachment. . . . . 392  
     Optic Pit Maculopathy . . . . . 392  
     Macular Holes in High Myopia . . . . . 394

**17 Posterior Segment Manifestations of Trauma . . . . . 395**

Highlights . . . . . 395  
 Classification of Ocular Globe Trauma. . . . . 395  
 Evaluation of the Patient After Ocular Trauma . . . . . 396  
 Blunt Trauma Without a Break in the Eye Wall . . . . . 397  
     Comotio Retinae . . . . . 398  
     Choroidal Rupture . . . . . 398  
     Posttraumatic Macular Hole . . . . . 399  
     Vitreous Hemorrhage . . . . . 400  
     Traumatic Chorioretinal Disruption . . . . . 401  
 Open-Globe Injuries . . . . . 401  
     Scleral Rupture . . . . . 401  
     Lacerating and Penetrating Injuries . . . . . 402  
     Perforating Injuries . . . . . 402  
     Surgical Management . . . . . 402  
     Intraocular Foreign Bodies . . . . . 404  
 Posttraumatic Endophthalmitis . . . . . 407  
 Prognostication of Globe Injuries . . . . . 409  
 Sympathetic Ophthalmia . . . . . 410  
 Avulsion of the Optic Nerve Head . . . . . 410  
 Abusive Head Trauma. . . . . 411  
 Photic Damage . . . . . 412  
     Solar Retinopathy . . . . . 412  
     Phototoxicity From Ophthalmic Instrumentation . . . . . 413  
     Occupational Light Toxicity . . . . . 414  
     Laser-Pointer Injury . . . . . 414

**PART III Selected Therapeutic Topics . . . . . 417**

**18 Laser Therapy and Cryotherapy for Posterior Segment Diseases . . . . . 419**

Highlights . . . . . 419  
 Basic Principles of Photocoagulation . . . . . 419  
     Choice of Laser Wavelength . . . . . 420

Practical Aspects of Laser Photocoagulation . . . . .	421
Complications of Photocoagulation . . . . .	424
Transpupillary Thermotherapy . . . . .	425
Photodynamic Therapy . . . . .	426
Complications of Photodynamic Therapy. . . . .	426
Cryotherapy . . . . .	426
Cryopexy Technique. . . . .	427

**19 Vitreoretinal Surgery and Intravitreal Injections . . . . 429**

Highlights . . . . .	429
Pars Plana Vitrectomy . . . . .	429
Vitrectomy for Selected Macular Diseases . . . . .	431
Macular Epiretinal Membranes . . . . .	431
Vitreomacular Traction Diseases . . . . .	432
Submacular Hemorrhage. . . . .	434
Vitrectomy for Vitreous Opacities. . . . .	435
Vitrectomy for Complications of Diabetic Retinopathy. . . . .	435
Vitreous Hemorrhage . . . . .	436
Diabetic Traction Retinal Detachment . . . . .	436
Diabetic Macular Edema . . . . .	437
Vitrectomy for Posterior Segment Complications of Anterior Segment Surgery . . . . .	437
Postoperative Endophthalmitis . . . . .	437
Retained Lens Fragments After Phacoemulsification . . . . .	441
Posteriorly Dislocated Intraocular Lenses. . . . .	442
Cystoid Macular Edema . . . . .	443
Suprachoroidal Hemorrhage . . . . .	443
Needle Injury of the Globe . . . . .	445
Rhegmatogenous Retinal Detachment Surgery . . . . .	445
Techniques for Surgical Repair of Retinal Detachments. . . . .	447
Outcomes Following Retinal Reattachment Surgery . . . . .	450
Complications of Pars Plana Vitrectomy . . . . .	451
Intravitreal Injections . . . . .	452

**20 Gene Therapy . . . . . 455**

Highlights . . . . .	455
Introduction . . . . .	455
Gene Augmentation Therapy. . . . .	456
Optogenetics. . . . .	458
Genome Editing . . . . .	458
Current Limitations. . . . .	458
Additional Materials and Resources . . . . .	459
Requesting Continuing Medical Education Credit. . . . .	461
Study Questions . . . . .	463
Answers. . . . .	473
Index . . . . .	481
